Dear Mr. Higgins:

Re: 1986 Annual Report, Cane Creek, ACT/019/005, Grand County, Utah

Enclosed please find the annual report form that must be completed and returned to the Division by March 31, 1987. This report details the mining and reclamation activities during 1986 and should include an updated map of the operation.

It has come to my attention that Texasgulf, Inc. has failed to follow-up on the necessary permitting requirements for the Cane Creek Operation. We realize that you may be short staffed at this time, but you must have an approved Mine and Reclamation Permit in order to continue operating. Please contact John Whitehead of my staff with regard to the deficiencies in your plan. We will be happy to assist you in any way that we can to complete the permit.

Sincerely,

Lowell P. Braxton
